The manicured lawn

Our [villa crush of the month](#) is this 6-bedroom villa which sits on the beachfront of one of Bali's most famous surf breaks, giving you uninterrupted views of the sparkling Indian Ocean. With its coconut grove event space it is the perfect choice for a wedding, or simply just a family getaway in paradise.

The love for the Balinese charm can be seen in the design of the villa, with its simple alang-alang thatched roofs, pretty coral-limestone walls, and timber floors. Notice the stunning and authentic artwork and antique artefacts as you make your way through the property, which is comprised of a series of living and sleeping pavilions, perfect for getting that privacy you might want when staying with a large group.

Outside you will find an impressive infinity pool where you can spend days catching the sun poolside with beautiful ocean views. Or wander down to the beach via the tropically-manicured gardens and your private beach access, and take a sunset stroll. Facilities also include a tennis court, a spa menu for in-villa treatments, and even mountain bikes to get into Canggu where you will find an array of fabulous restaurants, bars and shops.

A quiet location [but close to where it's all going on] on the beach, awesome facilities and a team of lovely staff, plus it retains that Balinese charm. What's not to love about Sungai Tinggi Beach Villa!
